## A Total Solution

The CosmoLex all-inclusive practice management system eliminates the need for any other accounting software, such as QuickBooks<sup>™</sup>.

## Cloud Productivity

24/7 Mobile Access. Work anytime, anywhere, on any device.

## Secure Data Center

Even when you are not using your account ("stored data"), all of your data is kept encrypted ("encryption at rest").

## Bank-Grade Encryption

All traffic between your computer and the CosmoLex Cloud is protected by 256-bit SSL encryption, the same level used by major online banks.

## Trust Accounting

Your trust accounts will always be current, compliant, and audit-ready -- thanks to built-in, automated trust accounting software.

## Legal Accounting

From input tax credits to transaction levies, CosmoLex keeps your practice compliant with Canadian accounting requirements.

## Credit Card Payments

Invoice payments or trust retainers get proper handling end-to-end with built-in credit card processing (powered by LawPay).

## Client Communication

CosmoLex's built-in Client Portal streamlines and secures all of your client communications & document exchanges.

## Integrations

CosmoLex connects with the tools you know and love - The Conveyancer, LawPay, Office 365, Box, Dropbox, OneDrive & more.
